Re: Invest to Protect Act

To Whom it May Concern,

The Screven County Sheriff's Office presents this letter in support of the Invest to Protect Act, a FY 2022 Grant initiated by Senator Warnock in the State of Georgia.

It is with deep appreciation that the Senator is looking out for smaller law enforcement agencies within the state of Georgia. During these times officers are in short supply and high demand. This Act will help small departments like ours in Screven County with training, equipment, recruitment and retention of new officers.

The State of Georgia has many small municipalities, townships, and even counties whose law enforcement agencies face significant challenges moving forward; for this reason, we stand in support of the Invest to Protect Act.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mike Kile'.

Mike Kile, Sheriff
