Project Description: This Rural Development investment will be used to assist agricultural producers in adding value to their products. Mulberry Springs Winery is a winery located in Hall County, Georgia, that produces wine from their crops of grapes. Project funds of \$500,000, will be used in this emerging market project to produce and distribute four new carbonated wine products, utilizing \$250,000, in Value Added Producer Grant funds. Applicant anticipates gross revenues of \$645,684 per year from this new product.

Additional Funding: Borrower: \$250,000.00

Total Project Cost: \$500,000.00
