## Office of Senator Warnock - FY27 Programmatic Request Form

Please use this form to submit your Fiscal Year 2027 (FY27) Programmatic and Language-based requests by **March 2, 2026, at 5 PM Eastern Time (EST)**.

Congressionally Directed Spending (CDS) requests **will NOT** be accepted if submitted via this form. A **CDS request** is a request to fund a specific project in Georgia. These requests will NOT be accepted. To view Senator Warnock’s CDS form, please visit <https://www.warnock.senate.gov/services/appropriations/>.

As part of the Fiscal Year 2027 (FY27) annual government funding bill, the Office of Senator Warnock will accept Programmatic and Language-based requests.

A **programmatic request** is a request to fund a specific federal program in the appropriations bill at a specified level. For example: “Provide \$1,000,000 for the Department of Transportation Reconnecting Communities Program.”

A **language-based request** is a request to include specific bill or report language that encourages, urges, or directs an agency or department to carry out a specific action. For example: “The Committee encourages USDA to study the deployment of precision agriculture across the Southeastern United States.”

**Programmatic and language-based requests can be combined.** For example: “Provide \$1,000,000,000 for the Department of Transportation Reconnecting Communities Program. The Committee directs DOT to set aside \$500,000,000 under this account for projects located in underserved communities.”

The office encourages you to submit your request as early as possible. In the event the office requires additional information about your project after submission, a member of the Senator's staff will contact you.

If you have any questions, please email [appropriations@warnock.senate.gov](mailto:appropriations@warnock.senate.gov).
